

# Accessibility Statement

## Website Accessibility Statement – UniCou Ltd

UniCou Ltd is committed to ensuring digital accessibility for all users, including people with disabilities. We aim to provide a website experience that is inclusive, user-friendly, and compliant with recognised accessibility standards.

Our website is designed to align with the **Web Content Accessibility Guidelines (WCAG) 2.1**, Level AA, and relevant UK accessibility regulations. We strive to ensure that our content is accessible through assistive technologies such as screen readers, keyboard navigation, and text enlargement tools.

We regularly review our website design, structure, and content to improve accessibility. This includes ensuring readable fonts, appropriate colour contrast, alternative text for images, and clear navigation.

While we make every effort to maintain accessibility across all areas of our website, some third-party tools or external content may not fully meet accessibility standards. We continue to work with providers to improve accessibility where possible.

If you experience difficulty accessing any part of our website or require information in an alternative format, please contact us. We are committed to responding promptly and making reasonable adjustments where feasible.
